Jean Vanier (1928-2019)

The vision of Jesus is to announce good news to the poor. But to announce good news to the poor is to announce that 'You are precious'. So it's not saying 'God loves you', but 'I love you'.

iCare

Globally, extreme poverty has been cut in half since 1990. In the past 25 years, the number of hungry people globally has decreased by almost 100 million. Maternal deaths have declined by 45% worldwide.

Yet one in ten people are still undernourished. Eight hundred women still die every day from pregnancy and childbirth complications. Many continue to struggle with extreme poverty.

International aid is a central piece to achieve poverty reduction. Canadian aid invests in opportunities for people living in poverty to improve their livelihoods and realize their human rights.

In the past, Canada has been a leader in responding to the needs of people in the developing world. However, Canada's aid as a percentage of its national income has been slowly declining.

When we gather on Canada Day weekend to thank God for our blessings, we will also have the opportunity to say 'iCare' about others in the name of Christ.

A Morning Prayer

Mysterious and Loving God
open my mind and my heart this day
that I might lose myself in wonder and awe
at the glory and grandeur of your creation.
May I grow each day in awareness
of my unique place in your loving universe.

All-caring God,
allow your energy and compassion
to flow through me
towards all who are in pain,
all who are alone and frightened,
all who feel lost and confused,
and above all towards those who
endure cruelty and injustice.

Mysterious Divine Healer,
in everything
I think and say and do this day,
make me a finger of your healing hand.
Make me sensitive
to the wounds and brokenness
of all my brothers and sisters,
the good, the bad and the indifferent.
May they heal me as we all stretch out
our hands to one another.

For we are all one in you and your Holy Spirit,
through your Son, Jesus Christ.
Amen
